Concept & Vision

Problem Statement

After spending **£70,000** on average for a 3-year degree, graduates find that almost **40%** of **UK entry level jobs** require **3+ years of work experience**.

Internships are how graduates get experience but **demand outweighs supply**.

There is an experience gap.

Problem Statement

£5000

Per intern

for a 12-week summer internship program

3 months

Per intern

is the average time to onboard an intern

“Recruitment is so stressful for small companies. It takes so much time and resources to interview candidates and there is also so much bureaucracy in the HR process. We have no HR team so it really is a full time HR job on top of my role.”

- Jade Uko

fsb Federation of Small Businesses

Regional Chair

devcomms

Director of a PR SME

Solution Overview

FEATURES	Internship	Externship
Time commitment	Full time 9-5 work schedule	10-15 hours per week - at your own pace
Duration	2-3 months typically	Available all year round
Competitiveness	Highly selective	More accessible and flexible enrolment
Mentorship	Varies by company	Structured mentorship
Work Environment	In-person, hybrid, remote	Fully remote
Career Exploration	High Commitment	Short and flexible program - allows for career exploration

How it works

Externships can also fast track students for an internship or graduate scheme and it's an easier way for companies to evaluate and hire early talent.

- Companies post projects to Externwise's platform
  - Externwise matches the company with externs to the specific needs of the project
    - The Extern completes the project part-time, remotely, through Externwise
      - Students get the opportunity to showcase their actual skills
      - Companies access talent with less time + cost assess skills beyond the traditional hiring process

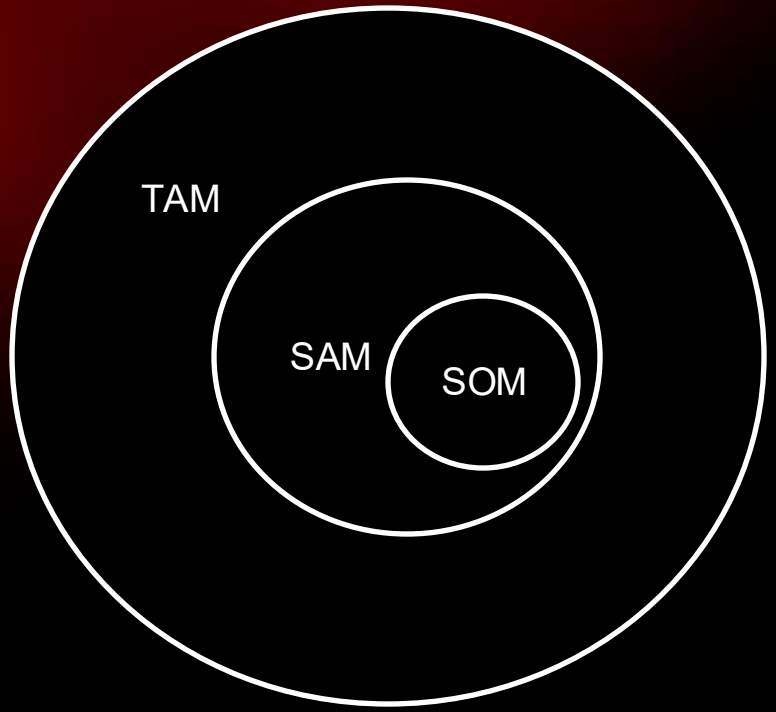
Market Opportunity

Market Analysis

- **Total Addressable Market (TAM):** Global SMEs & Students
- **Serviceable Available Market (SAM):** – 5.5 million UK SMEs and 3 million undergraduate and postgraduates students each year.
- **Serviceable Obtainable Market (SOM):** 10-20% UK SMEs and Universities



Why is this market attractive?

01 Market gap

A. A platform for short-term, remote, paid externships
B. Accessible for students
C. Efficient for SMEs

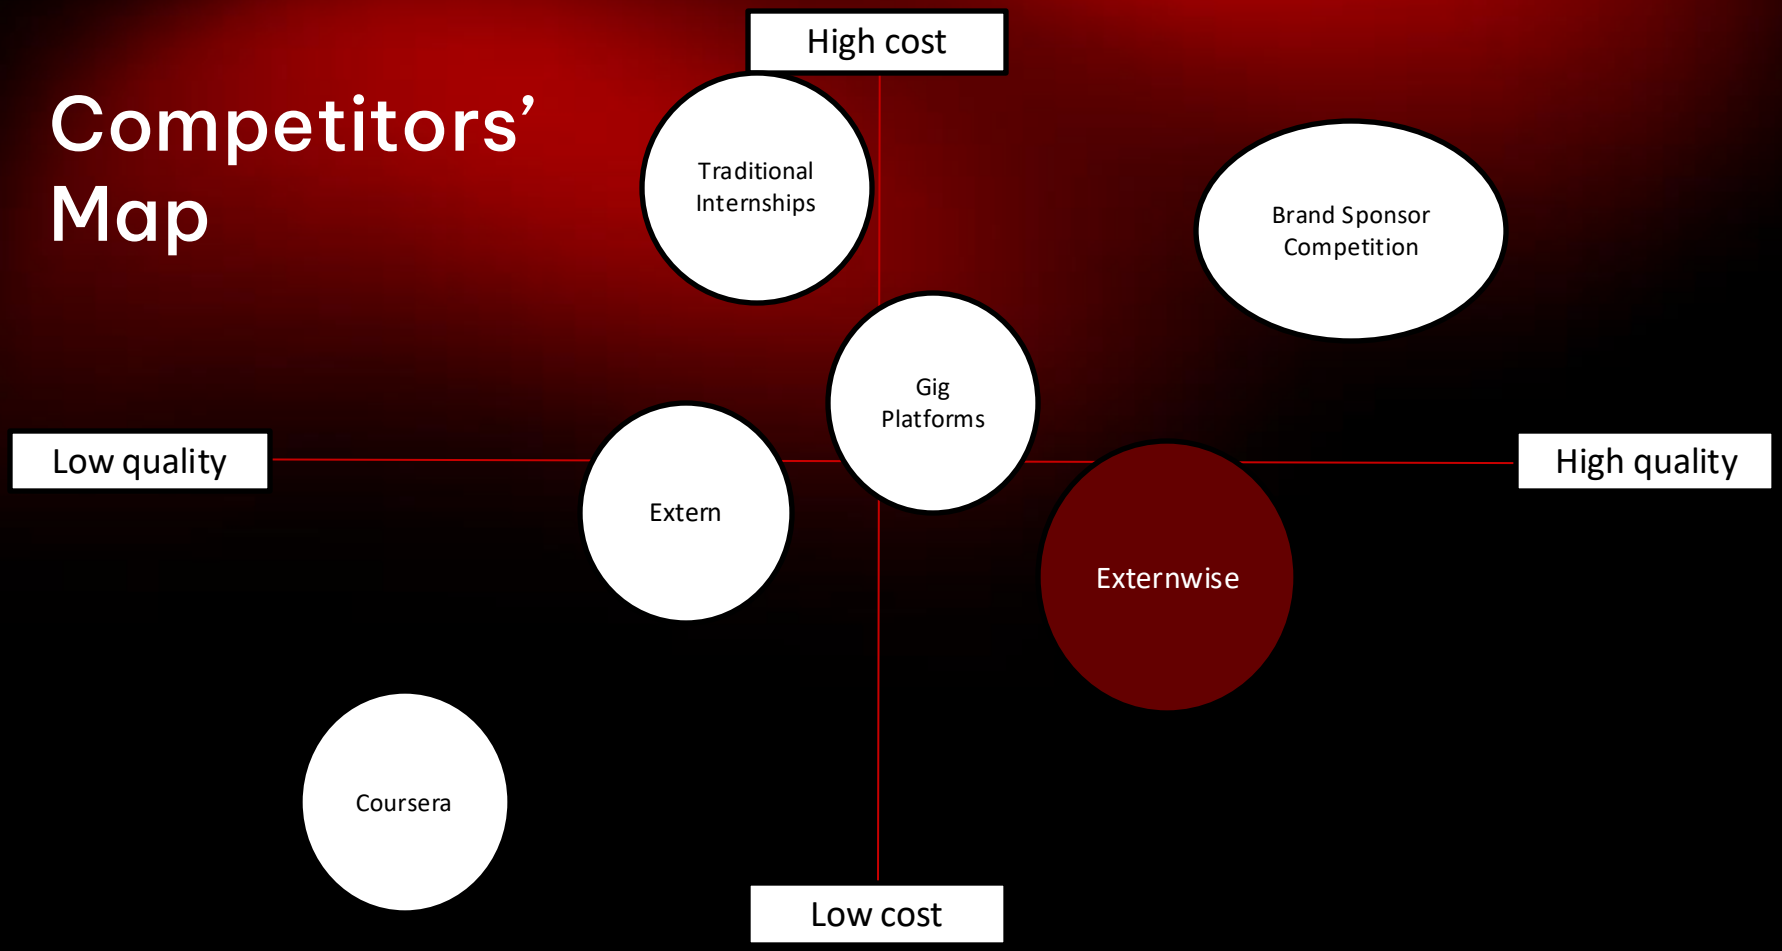
02 Why now?

A. Remote work has become the new norm
B. Gen Z seeks flexibility and freelance-style experiences
C. SMEs are cutting HR costs and turning to on-demand talent

03 Our advantage

A. Comparing to freelancer market
B. Closed ecosystem of students and enterprises
C. Scalable through university partnerships, incubators, and business associations.

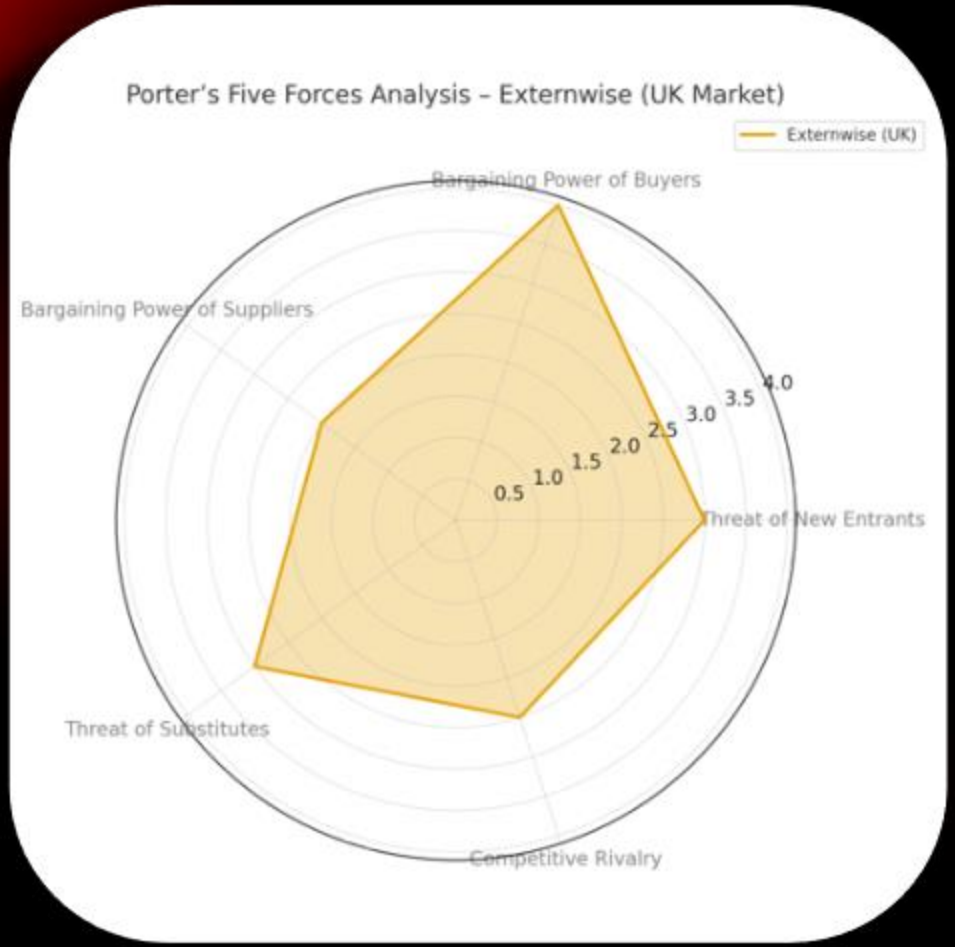
Competitors' Map



4

External & Industry Analysis

Political	Economic	Sociocultural	Technological	Legal	Environmental
Education policies	**Youth unemployment rates**	**Early career experience** Accessibility & inclusion	Online tools allow remote work & global collaboration.	Compliance to data laws.	**Digital, eco-friendly education.**
Funding - grants cuts.	**University & Company Budgets**	Exploitation in poorly managed externships.	**Cybersecurity threats** & data breaches.	**Varying labour laws.**	Digital infrastructure = high energy uses.



Key Success Factors

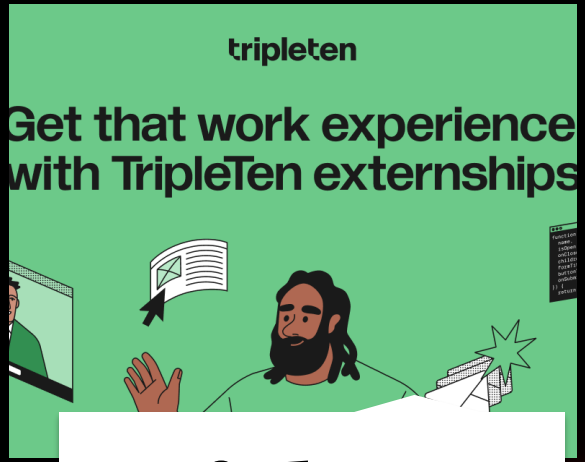
- Trust-Based Partnerships
- Unique Differentation
- Exception User Experience
- Technology Use (AI, Analytics)

US Success Examples

Extern

Helped 50,000 students

Handshake



tripleten

>90% students completing externships get hired.

5

Customer Analysis

A SME in the UK	
Org Size	1 < 200
Market Cap	<1 million
Industry	Ecommerce, Brick-Mortar, Atelier
Needs	Market Research; Social Media; QA, User testing, Data collection.

Current Alternatives

- Internships
- Full-Time/ Part-Time employee

Conclusions

01 More efficient use of intern time through single/short term projects.

02 Recruit hidden talent outside the traditional intern pool

UK University Student	
Age	18-22
Experience	0-1 year
Needs	Portfolio and experience opportunities to jumpstart career
Looking to	Explore career options, while deciding their path

Current Alternatives

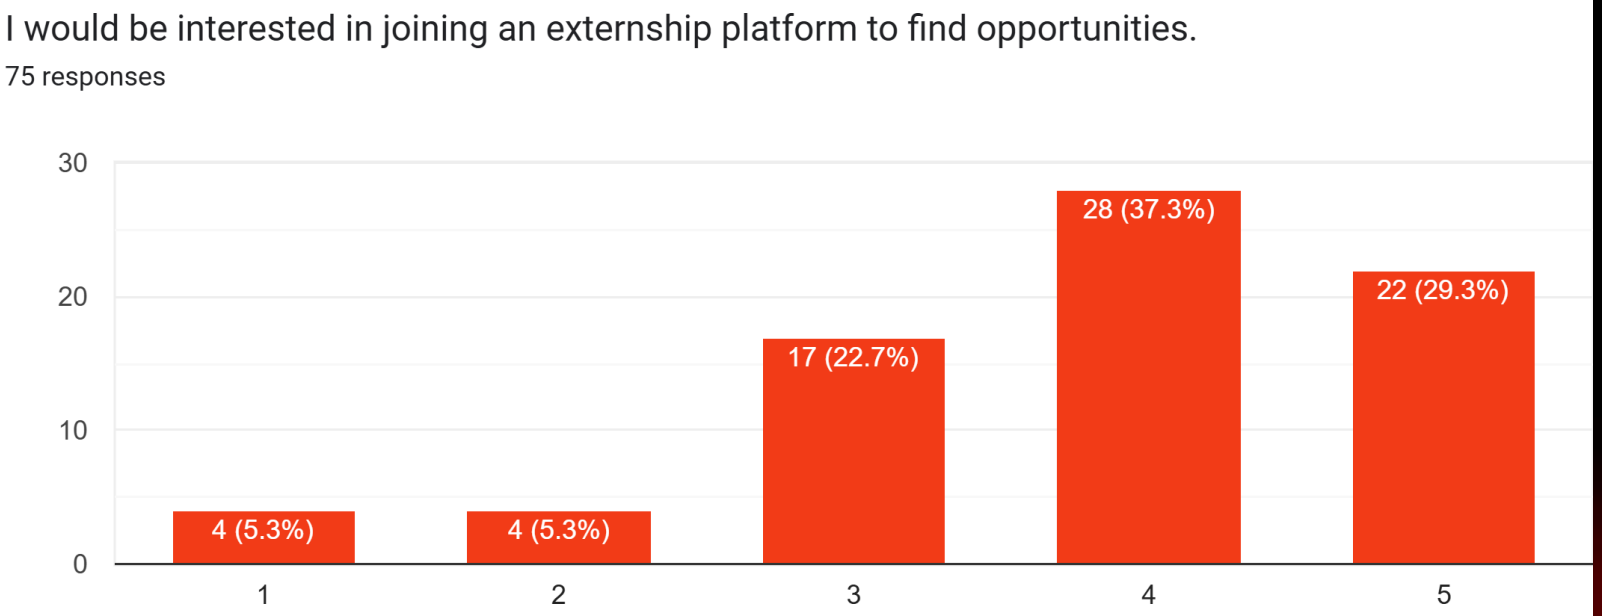
- Full Internship
- Part-Time Job

Conclusions

01 Explore possible career paths with less time commitment

02 Gain an edge with real marketable industry experience

Primary Research: Survey



Would you be willing to pay a small fee to access an externship platform? If yes/maybe, what price range would you consider reasonable?

Revenue Streams

Revenue Streams: Companies

On Demand Externships

Flexible, pay-per-project short-term paid project

How it works:
Select a student/recent grad to engage with
Review real work to assess skills and fit

Pricing: £200-£1000 per project

Pilot Externship Cohort

Early career hires in the next 6 months

How it works:
Run many short externships across the UK
Evaluate potential hires
6 months access

Pricing from £5,000

Annual Externship Programme

Ongoing graduate/intern hiring needs

How it works:
Multiple Externships throughout the year
Target specific demographic of externs
12 months access

Pricing from £15,000

Revenue Streams: Universities

Flexible Access

How it works:

Guest lectures/career workshops (in-person or virtual)
Co-branded student & employer landing pages
Review real work to assess skills and fit

Pricing from £0 + À La Carte Services

Employability Program

How it works:

Direct funding for students to complete paid externships (20–40+ projects annually)
Full program management

(student payments, admin, marketing, data tracking)

Pricing from £10,000

Northumbria University NEWCASTLE

Employability Coordinator ‘24

Durham University

Work-Based Learning Manager

“Universities are shifting the way they look at employability. Students cannot rely on the traditional Russell Group Degree. Durham University is catching up with experiential learning.”

- Andrea Hillary

Risk Analysis

	NEGLIGIBLE	MINOR	MODERATE	SIGNIFICANT	CRITICAL
VERY LIKELY				Rapid technological change	Quality Control
LIKELY			Funding Shortage		Dependence on SMEs
POSSIBLE		Customer Support Overload	Misaligned Expectations	Market Adoption	
UNLIKELY			Cybersecurity	Platform reliability	
VERY UNLIKELY

talents

Go-to-Market Strategy

Externwise - The bridge between learning and real work

Phase 1

Startups & SMEs in Tech & Creative sectors in 2-3 key UK cities.

Create helpful content and partner with key university clubs.

Validate the platform model

Phase 2

Expand to SMEs in traditional sectors and new cities

Dominate Key Hubs

Phase 3

10-20% UK SME market, including large corporations for bulk hiring.

Launch mass marketing campaigns.
